ABOUT US

Sama Al Faw Company for Contracting and General Trading Co., Ltd., a trusted leader in the oil and gas industry. With a highly skilled workforce, experienced field engineers, and a dedicated trading team, we are committed to delivering reliable, high-quality, and sustainable solutions that meet global and local standards. Partner with us for excellence in your projects.

Mission

At Sama Al Faw Company, our mission is to innovate and provide exceptional products that enhance the lives of our customers. We are committed to sustainability, quality, and fostering a culture of creativity and collaboration. Our goal is to empower individuals and communities by delivering solutions that inspire progress and positive change. Together, we strive to make a meaningful impact in the world.

Vision

At Sama Al Faw Company our vision is to be the premier provider of oil and gas field in Iraq setting the standard excellence in the oil and gas industry. We are committed to building a better future by pioneering innovative solutions that transform the landscape. By empowering our clients with service and cutting-edge technology, we aim to drive sustainable growth and success for all stakeholders.

Sama Al Faw Company is dedicated to shaping a better future through innovative solutions that redefine industry standards. By combining cutting-edge technology with exceptional service, we empower our clients to achieve sustainable growth and long-term success.

Our team includes highly skilled engineers specializing in concrete, insulation, painting, scaffolding, electrical, and mechanical works.

We also have experienced quality control engineers well-versed in oil company requirements, along with specialists in quantity estimation and pricing to streamline project execution.

CHAIRMAN'S MESSAGE

At **Sama Al Faw Company for Contracting and General Trading Co., Ltd.**, we take pride in being a trusted partner in **Iraq's oil and gas sector**, delivering excellence in every project we undertake.

Since our establishment, we have remained committed to innovation, quality, and sustainability, ensuring that our work meets the highest international standards.

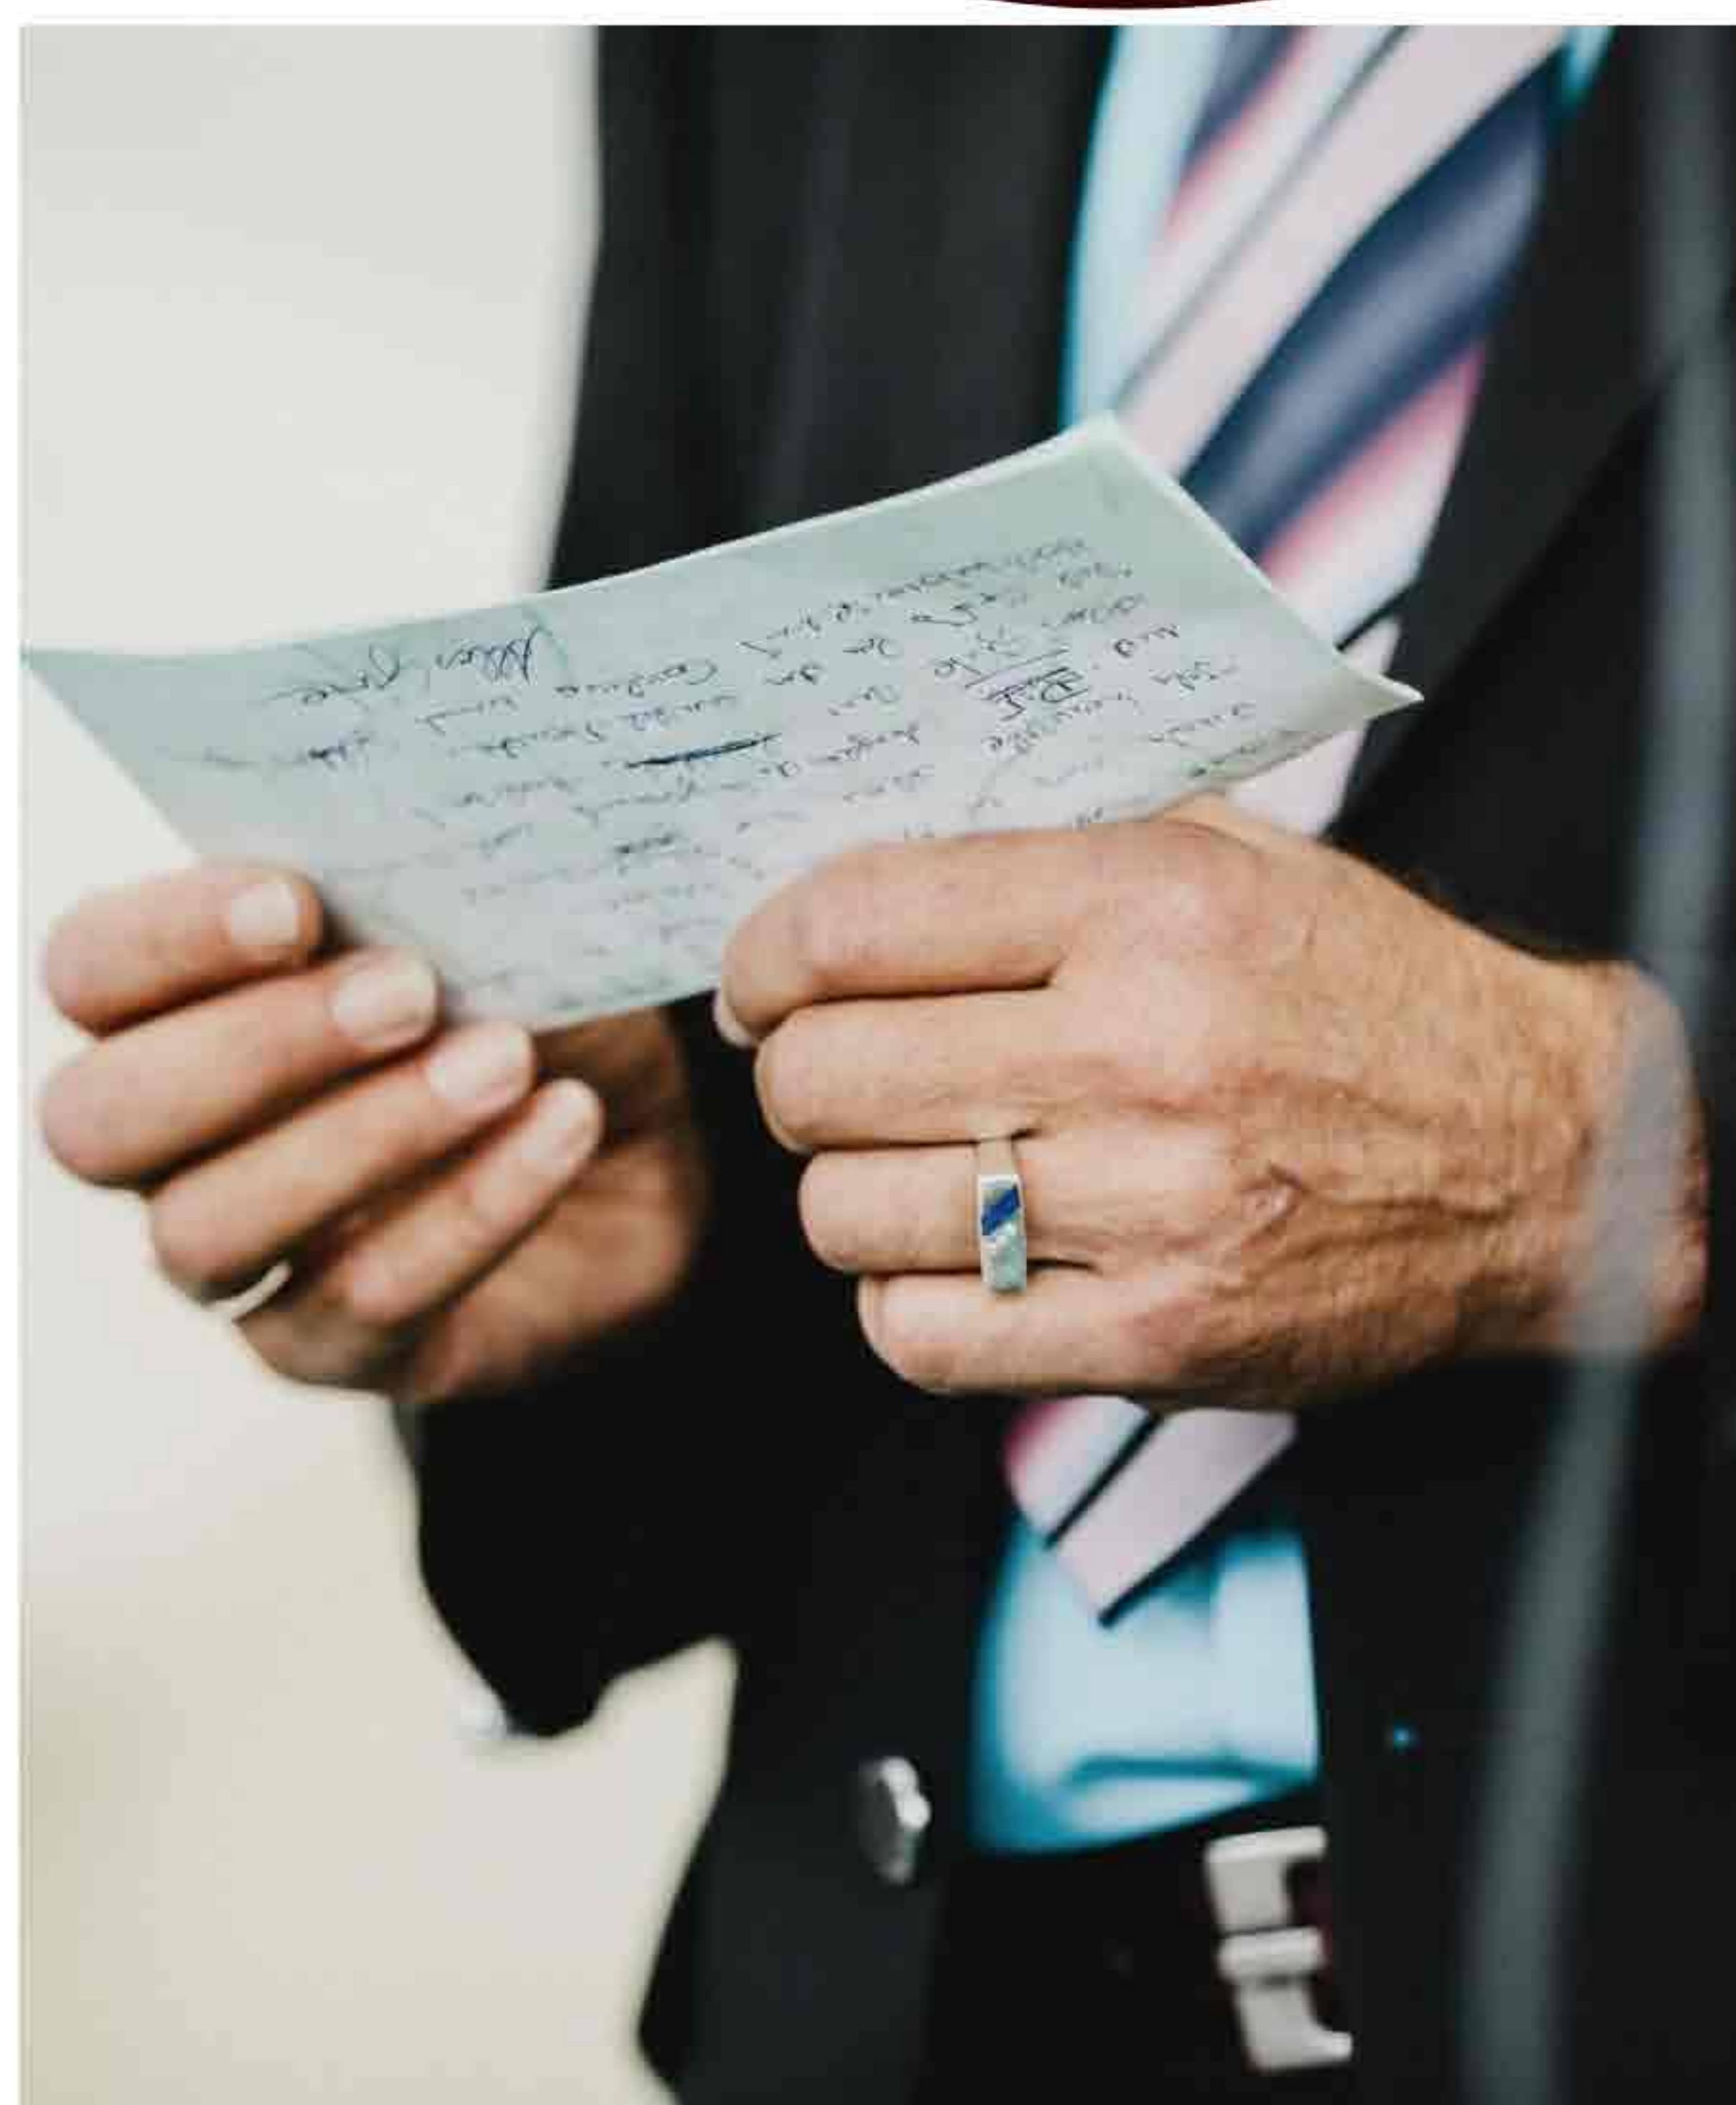

Our strength lies in our highly skilled team of engineers specializing in concrete, insulation, painting, scaffolding, electrical, and mechanical works. Their expertise, combined with our unwavering dedication to safety and efficiency, allows us to provide comprehensive solutions that drive the success of our clients and contribute to the growth of Iraq's energy sector.

At Sama Al Faw, we believe in building long-term partnerships based on trust, integrity, and a shared vision for progress. As we continue to expand our capabilities, we remain committed to delivering innovative, cost-effective, and reliable solutions that meet the evolving needs of the industry.

Thank you for your trust and support. We look forward to working together to build a stronger future.

Ahmed Haider

Chairman Sama Al Faw Company

Iraq's Oil and Gas sector

Sama Al Faw Company is a leading firm in **Iraq's oil and gas sector**, providing high-quality engineering, procurement, and construction (EPC) services.

With a strong commitment to excellence, we specialize in concrete, insulation, painting, scaffolding, electrical, and mechanical works, delivering reliable and sustainable solutions that meet international standards.

At Sama Al Faw

we believe in building trust-based partnerships, fostering long-term collaboration, and driving progress in the industry. With a strong reputation for quality and reliability, we continue to expand our capabilities, striving to be the preferred partner for oil and gas projects across Iraq.

THE PROJECT

Brighter Projects

- **Basra Oil Company (BOC) CNC Balancing Machine:**

Our team has successfully completed the maintenance works on the CNC Schenck Balancing Machine. This essential service ensures optimal performance and reliability, extending the lifespan of the equipment.

- **General Company for Ports of Iraq (GCPI) Mechanical Engineering lab:**

We are proud to announce the successful supply and installation of mechanical engineering lab equipment for the General Company for Ports of Iraq (GCPI).

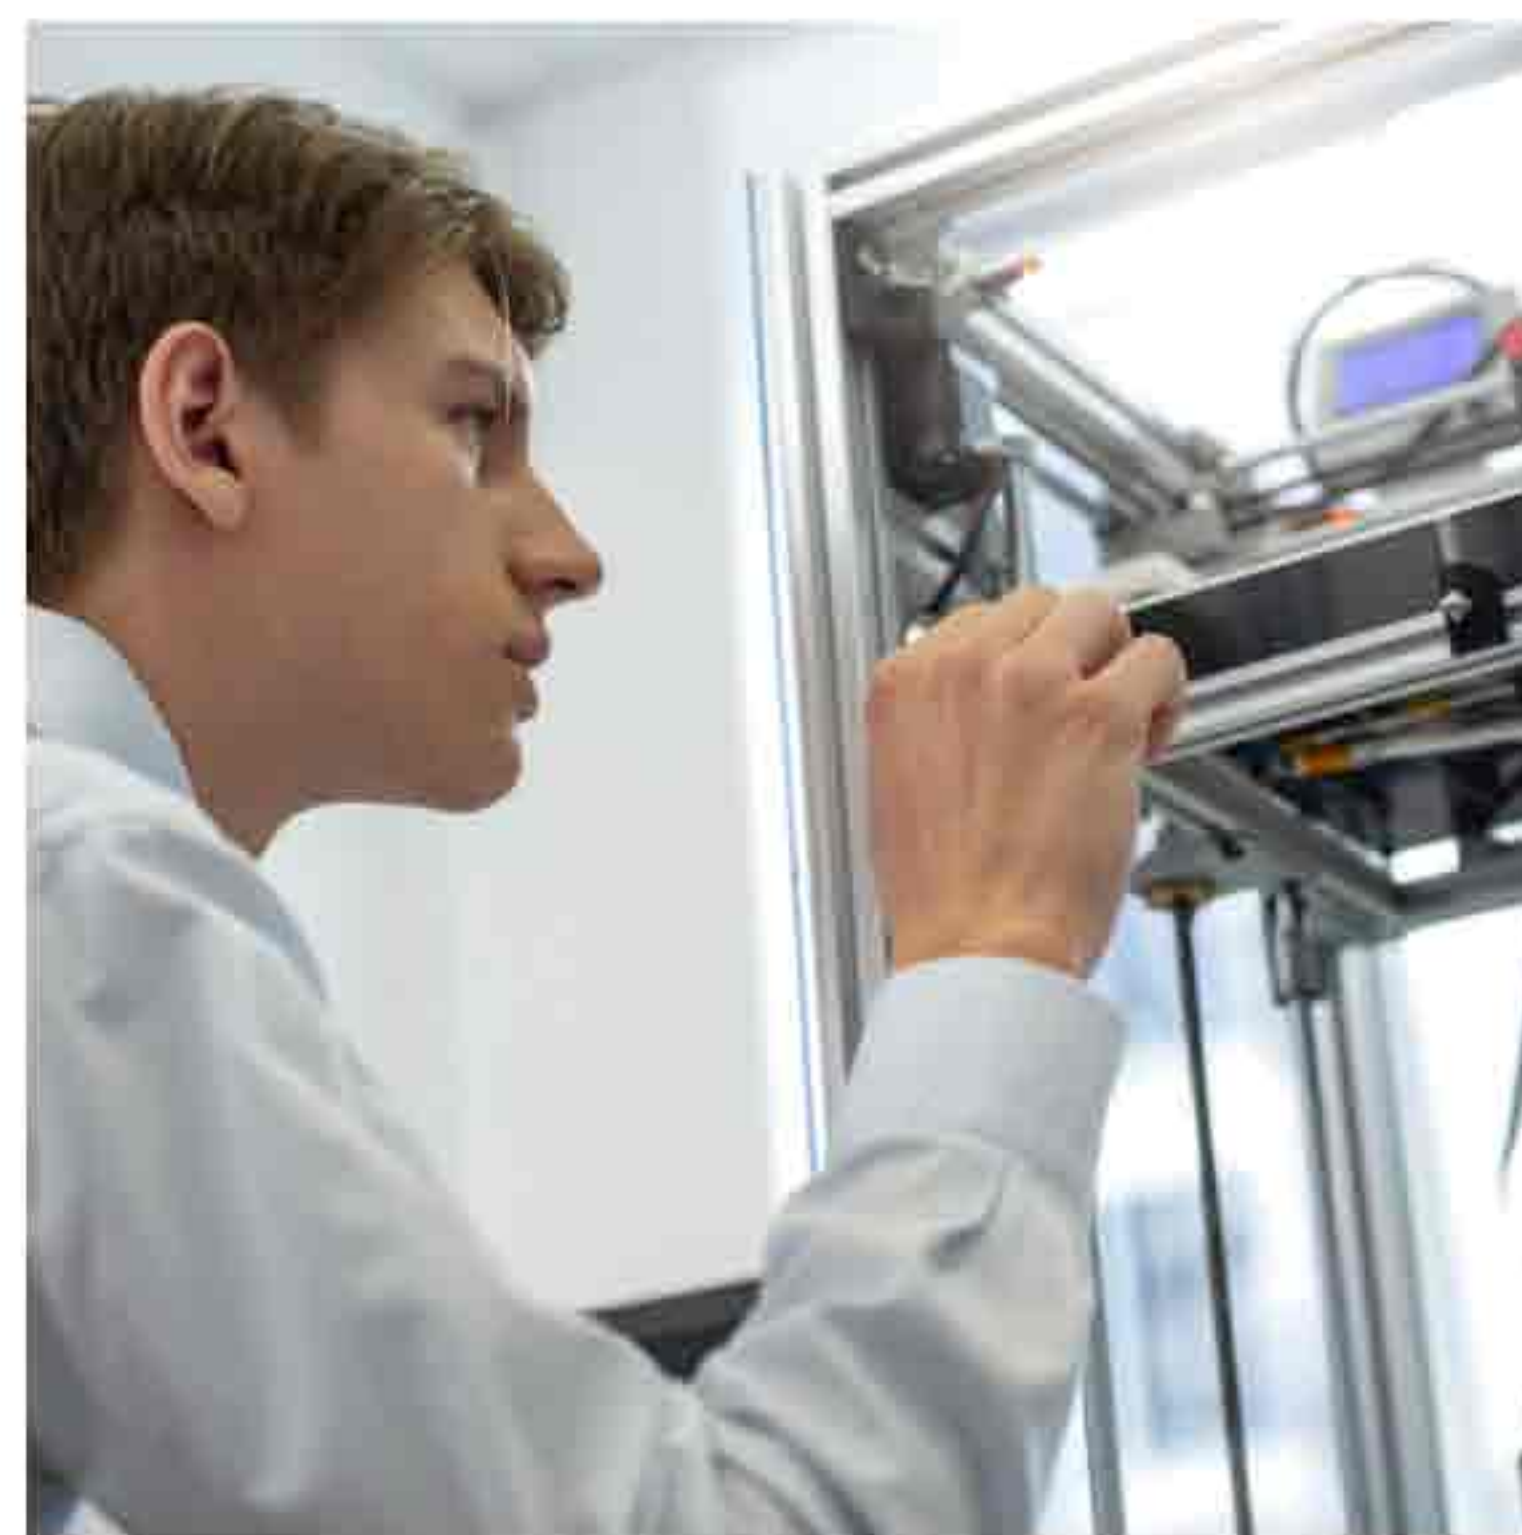

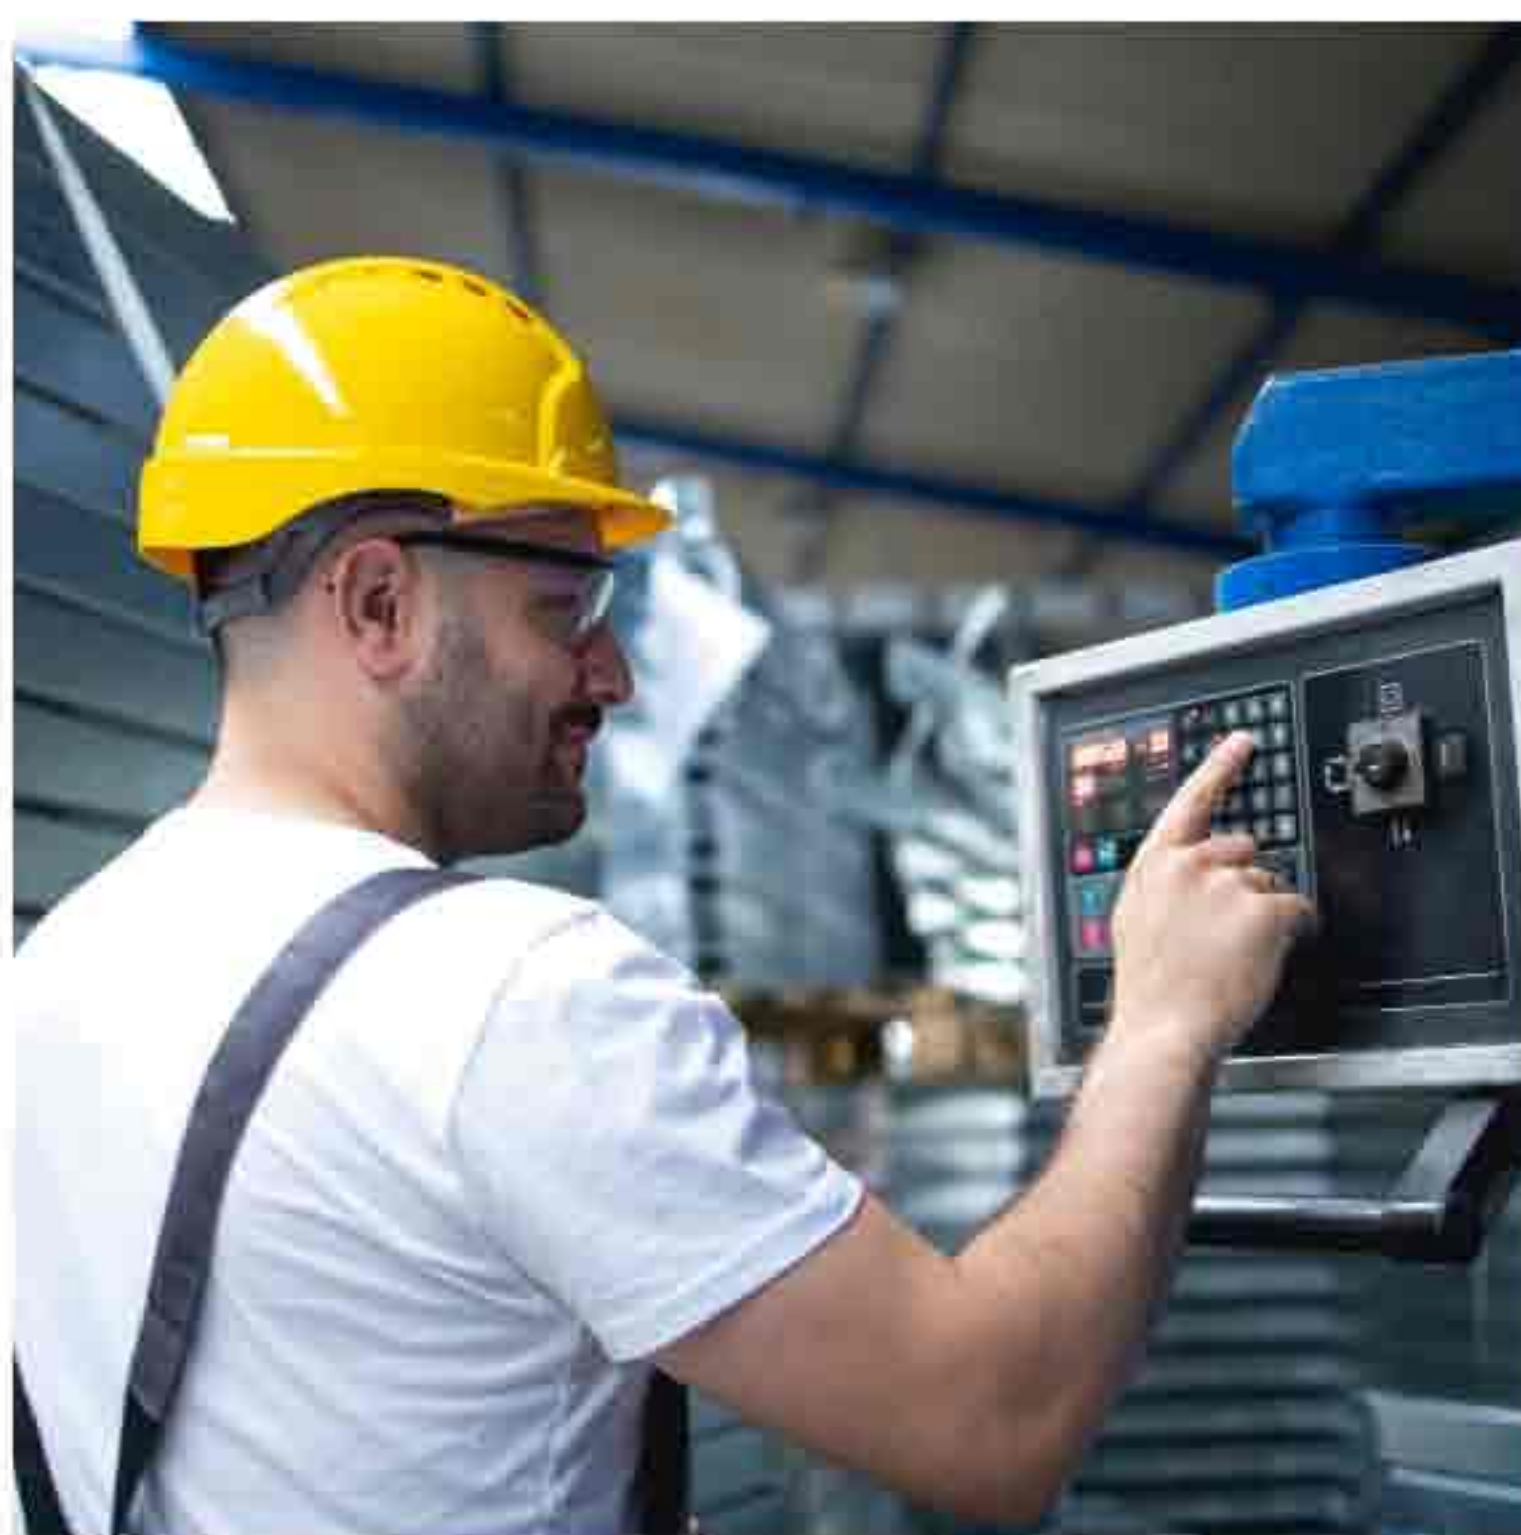

Our dedicated team ensured that all equipment met the highest standards of quality and efficiency.

- **Basra Gas Company – Supplying and Installation of Solar Lighting System:**

We are pleased to announce the successful of the Supplying and Installation of a Solar Lighting System for our client, Basra Gas Company (BGC).

This project highlights our commitment to providing sustainable energy solutions enhance safety and efficiency. innovative solutions in the future.

Thank you for trusting with your solar lighting needs!

Brighter Star

We are committed to delivering brighter projects that illuminate the path to progress in Iraq's oil and gas sector. Through innovation, expertise, and precision, we execute every project with excellence, ensuring sustainability and long-term value for our clients.

Global Partner

A trusted authorized distributor

Our customers can have peace of mind knowing that every product they order is genuine and sourced directly from the manufacturer. We are dedicated to delivering quality and reliability in every transaction, ensuring you receive the best components for your needs. Trust Sama Al Faw for your electronic component solutions.

Our Service

- General Trading service specializes in supplying high-quality oil and gas equipment.
- Construction and Civil Works services specialize in the development of well pads robust roads, and durable steel structures.
- Pipeline and Fittings service specializes in efficient and reliable pipeline installation.
- Maintenance Service offers comprehensive electrical and mechanical solutions.
- Automation Service leverages advanced Distributed Control Systems (DCS) Supervisory Control and Data Acquisition (SCADA) technologies.
- IT Solutions service offers comprehensive network and device setup, ensuring your technology runs smoothly efficiently

Organization Chart

A structured organization chart for Sama Al Faw

It is reflecting its specialization in concrete, insulation, painting, scaffolding, electrical, and mechanical works. This chart outlines roles, departments, and reporting lines to ensure clarity and operational efficiency:

SAFETY PLAN

Our safety policy is built on the following principles:

1. Zero Tolerance for Accidents – We strive to achieve zero incidents by implementing strict safety measures, continuous training, and proactive risk management.
2. Compliance with Standards – We adhere to Iraqi safety regulations and international safety standards (such as OSHA and ISO) to maintain the highest level of workplace safety.
3. Training & Awareness – All employees and contractors receive comprehensive safety training to ensure they understand and follow best practices in hazard prevention, emergency response, and equipment handling.
4. Safe Work Practices – We enforce strict safety protocols in all areas of work, including concrete, insulation, painting, scaffolding, electrical, and mechanical operations, minimizing risks and ensuring operational excellence.
5. PPE – Proper PPE usage is mandatory across all sites to protect workers from potential hazards.
6. Emergency Preparedness – We establish detailed emergency response plans to handle any unforeseen incidents effectively.
7. Continuous Improvement – Through regular safety audits, incident reporting, and employee feedback, we continuously enhance our safety measures.

HSE Requirements

At Sama Al Faw, we believe that every employee has the right to a safe work place and the responsibility to uphold safety standards.

Our commitment to safety not only protects lives but also ensures the successful execution of our projects with efficiency, reliability, and sustainability.

Safety and Environment requirements in accordance with the International regulations, and shall take the responsibility and practicable steps to eliminate or minimize the minimum injuries, Occupational illness, and property damage and environment conservation.

Safety First Always

At Sama Al Faw Company safety is our top priority. We are committed to ensuring a safe, healthy, and secure working environment for all employees, contractors, clients, and stakeholders

QUALITY MANAGEMENT

Quality

At Sama Al Faw Company quality is the foundation of our success. Our Quality Management Plan (QMP) ensures that every project meets industry-leading standards in the oil and gas sector, delivering reliable, efficient, and sustainable solutions.

Quality Objectives:

- Compliance with Standards – Adhering to Iraqi regulations and international quality standards such as ISO 9001 to ensure consistent project excellence.
- Customer Satisfaction – Understanding and exceeding client expectations through superior products, services, and performance.
- Continuous Improvement – Implementing a culture of quality by refining processes, incorporating feedback, and leveraging best practices.
- Risk Management – Identifying and mitigating potential risks to ensure smooth project execution and long-term success.
- Workforce Excellence – Providing ongoing training to ensure our engineers and staff maintain the highest levels of expertise in concrete, insulation, painting, scaffolding, electrical, and mechanical works.

Implementation Strategies:

1. Quality Control & Assurance
2. Supplier & Material Verification
3. Documentation & Reporting
4. Safety & Compliance Integration

At Sama Al Faw, we are committed to delivering excellence, reliability, and sustainability in every project.

Our Quality Management Plan is designed to uphold the highest standards, ensuring our clients receive the best solutions for their needs.

At Sama Al Faw

We utilize state-of-the-art equipment to ensure efficiency, precision, and safety in every project. Our well-maintained fleet of machinery and tools supports operations in the oil and gas sector, enabling us to deliver high-quality, reliable, and timely solutions.

EPC Capabilities

At Sama Al Faw Company we offer comprehensive Engineering, Procurement, and Construction (EPC) solutions tailored to the oil and gas sector in Iraq. Our expertise, advanced technology, and skilled workforce enable us to execute projects efficiently while maintaining the highest quality, safety, and environmental standards.

We take pride in our ability to deliver turnkey EPC solutions that meet the demands of Iraq's oil and gas industry. Our focus on innovation, efficiency, and sustainability ensures that we remain a trusted partner for complex infrastructure projects.

Our EPC Capabilities:

- **Engineering Excellence**

1. Comprehensive design, planning, and feasibility studies for oil and gas infrastructure.
2. Structural, mechanical, electrical, and civil engineering expertise.
3. Advanced 3D modeling, simulations, and project analysis for optimized execution.

- **Procurement Efficiency**

1. Direct sourcing of high-quality materials and equipment from trusted global manufacturers.
2. Supply chain management and logistics to ensure timely delivery.
3. Strict quality assurance and compliance with international and local standards.

- **Construction & Execution**

1. Expertise in concrete, insulation, painting, scaffolding, electrical, and mechanical works.
2. Skilled workforce equipped with state-of-the-art machinery and tools.
3. Commitment to on-time project delivery with strict adherence to safety regulations.

- **Project Management & Quality Assurance**

1. End-to-end project management with cost control, scheduling, and risk assessment.
2. Compliance with ISO, OSHA, and industry best practices.
3. Continuous monitoring, testing, and quality inspections to ensure durability and reliability.

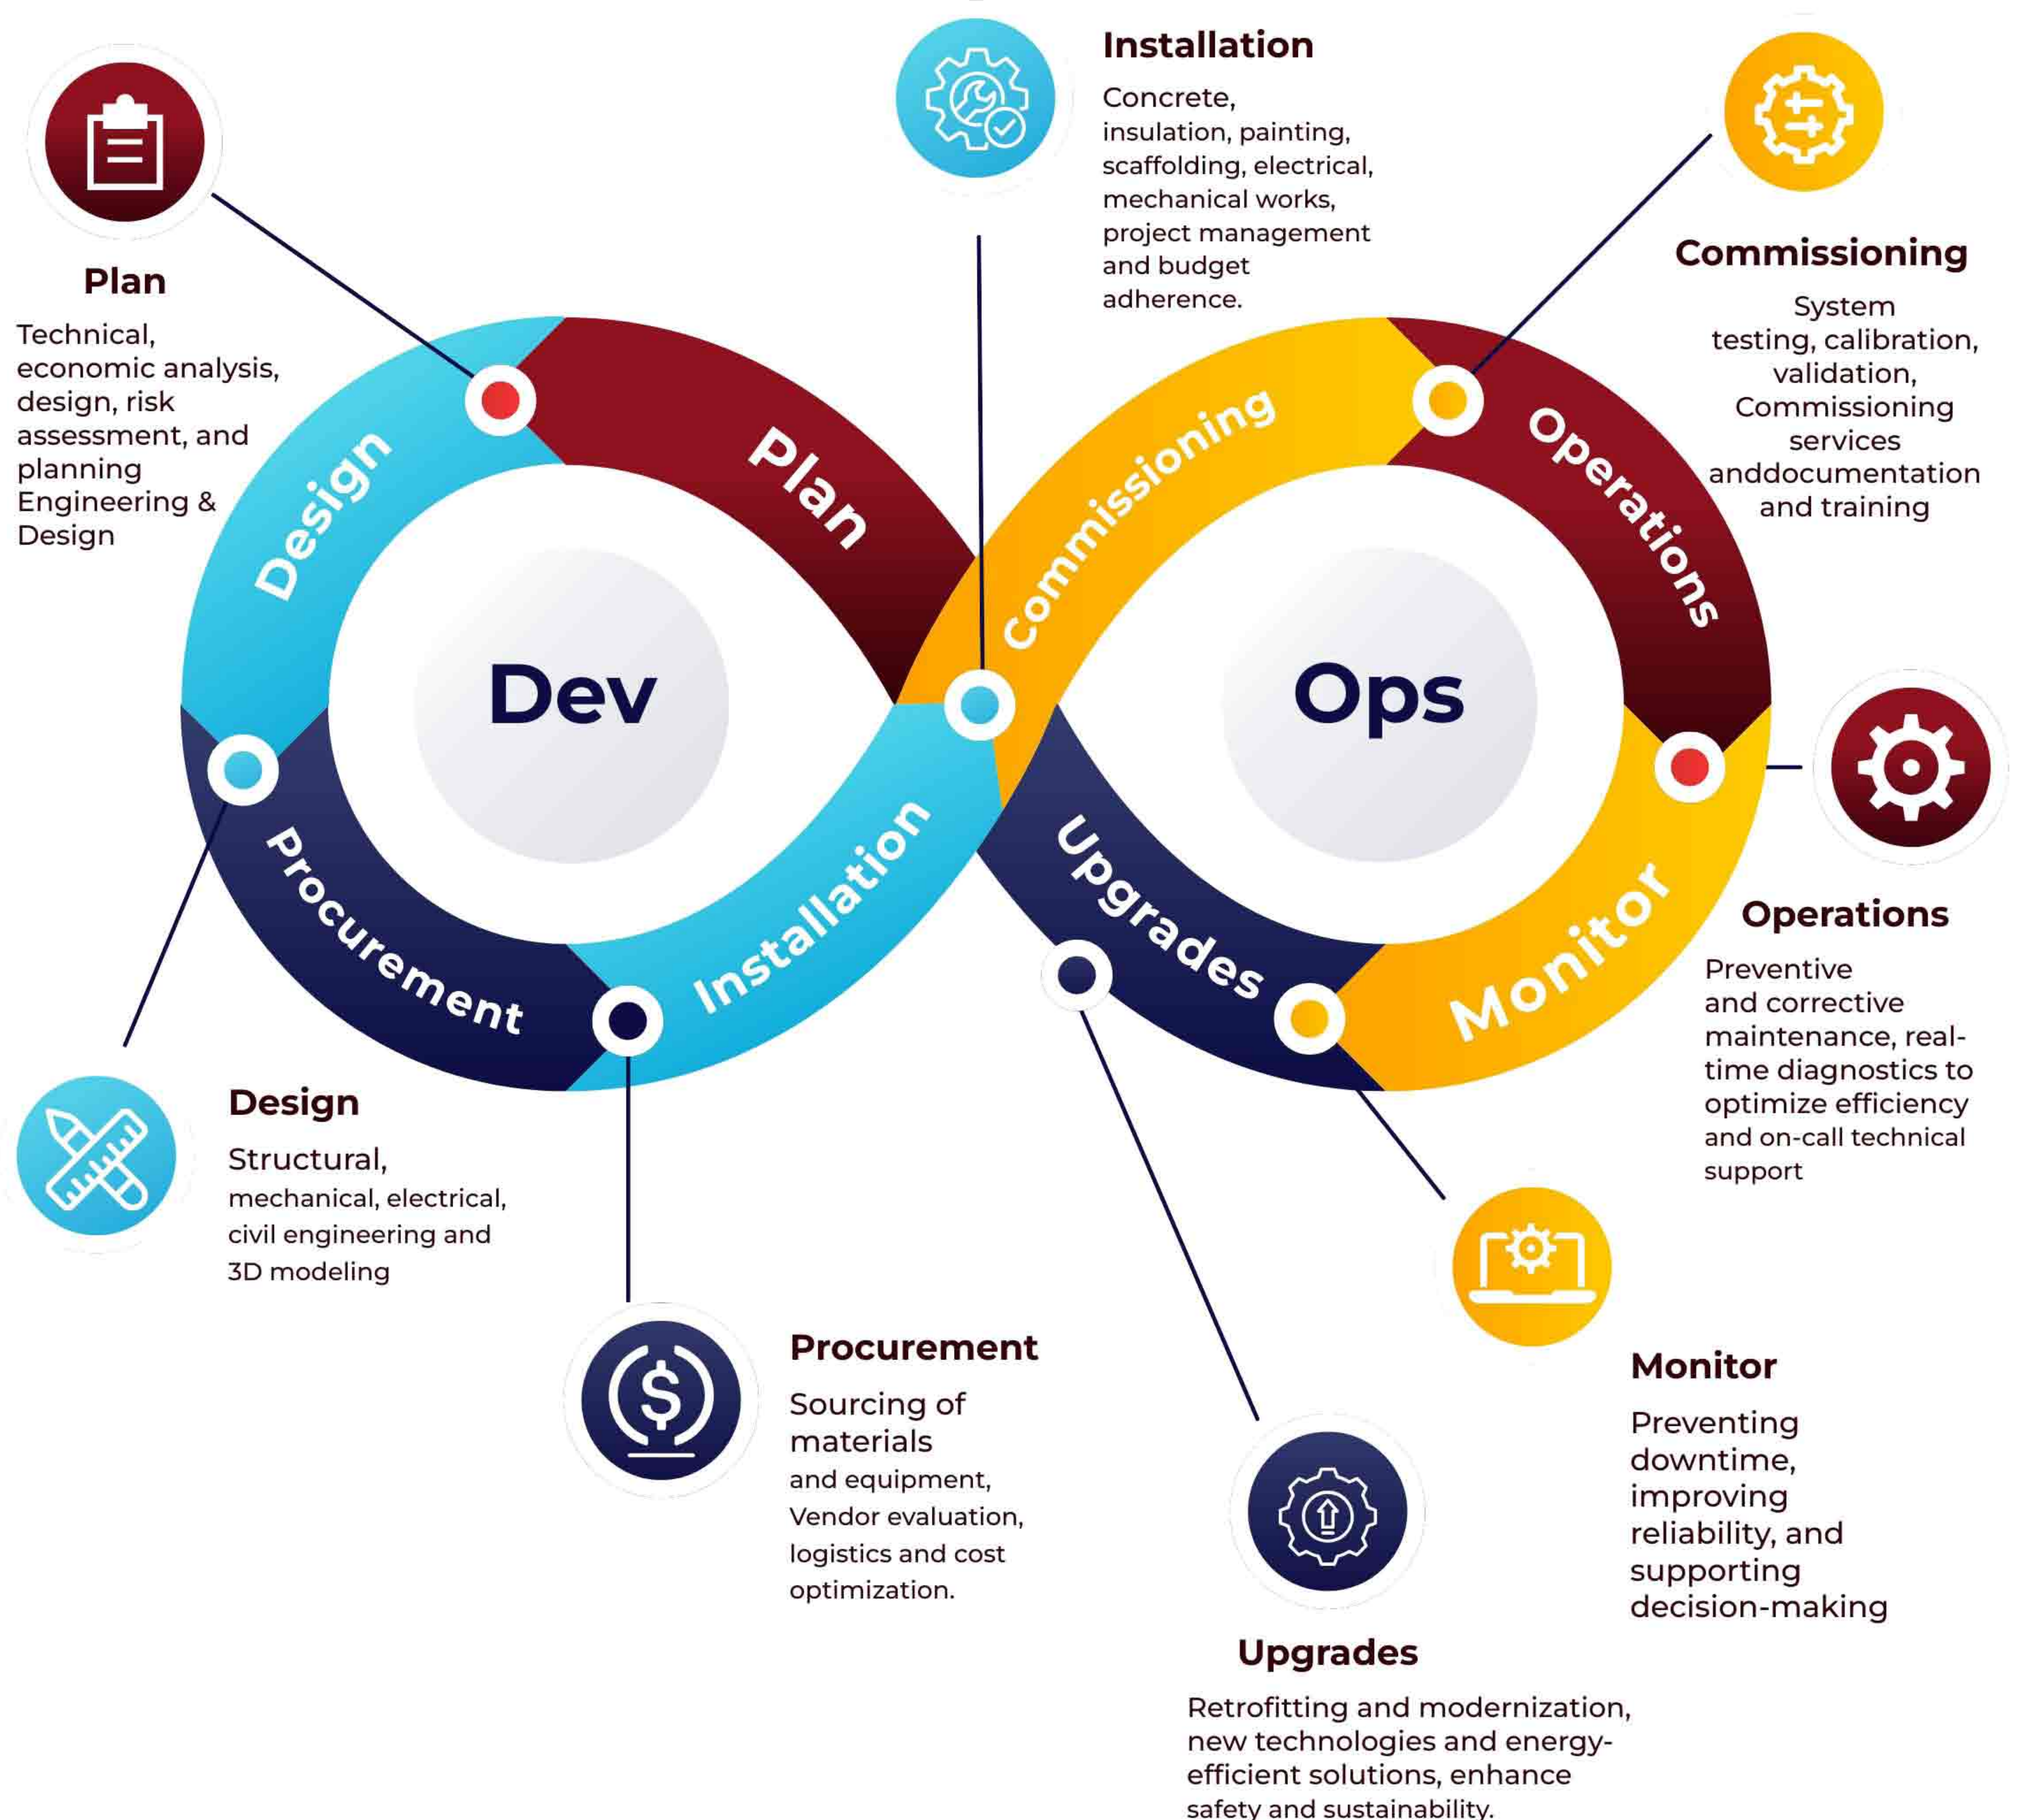

- **Health, Safety & Environmental (HSE) Commitment**

1. Implementation of strict HSE policies to ensure worker and environmental safety.
2. Use of sustainable and eco-friendly construction materials and methods.
3. Training programs for employees to maintain a zero-incident workplace.

ENGINEERING

Full Life Cycle Engineering Services

At Sama Al Faw Company we provide comprehensive full life cycle engineering services, supporting projects from concept to completion in Iraq's oil and gas sector. Our expertise ensures that every phase—design, procurement, construction, operation, and maintenance—meets the highest standards of quality, safety, and efficiency.

At Sama Al Faw

We are committed to delivering end-to-end engineering solutions that maximize asset value, enhance productivity, and ensure long-term success. Our full life cycle approach enables clients to optimize resources, minimize risks, and achieve operational excellence in the oil and gas industry.

CERTIFICATION

Sama Al Faw Company – Certifications

At Sama Al Faw Company, we are committed to delivering high-quality, safe, and reliable services in Iraq's oil and gas sector. Our compliance with international and local standards ensures excellence in engineering, procurement, and construction (EPC) services.

Our Certifications Include:

- **ISO 9001: Quality Management System**

1. Ensures consistent quality control, process efficiency, and customer satisfaction.
2. Demonstrates our commitment to continuous improvement and operational excellence.

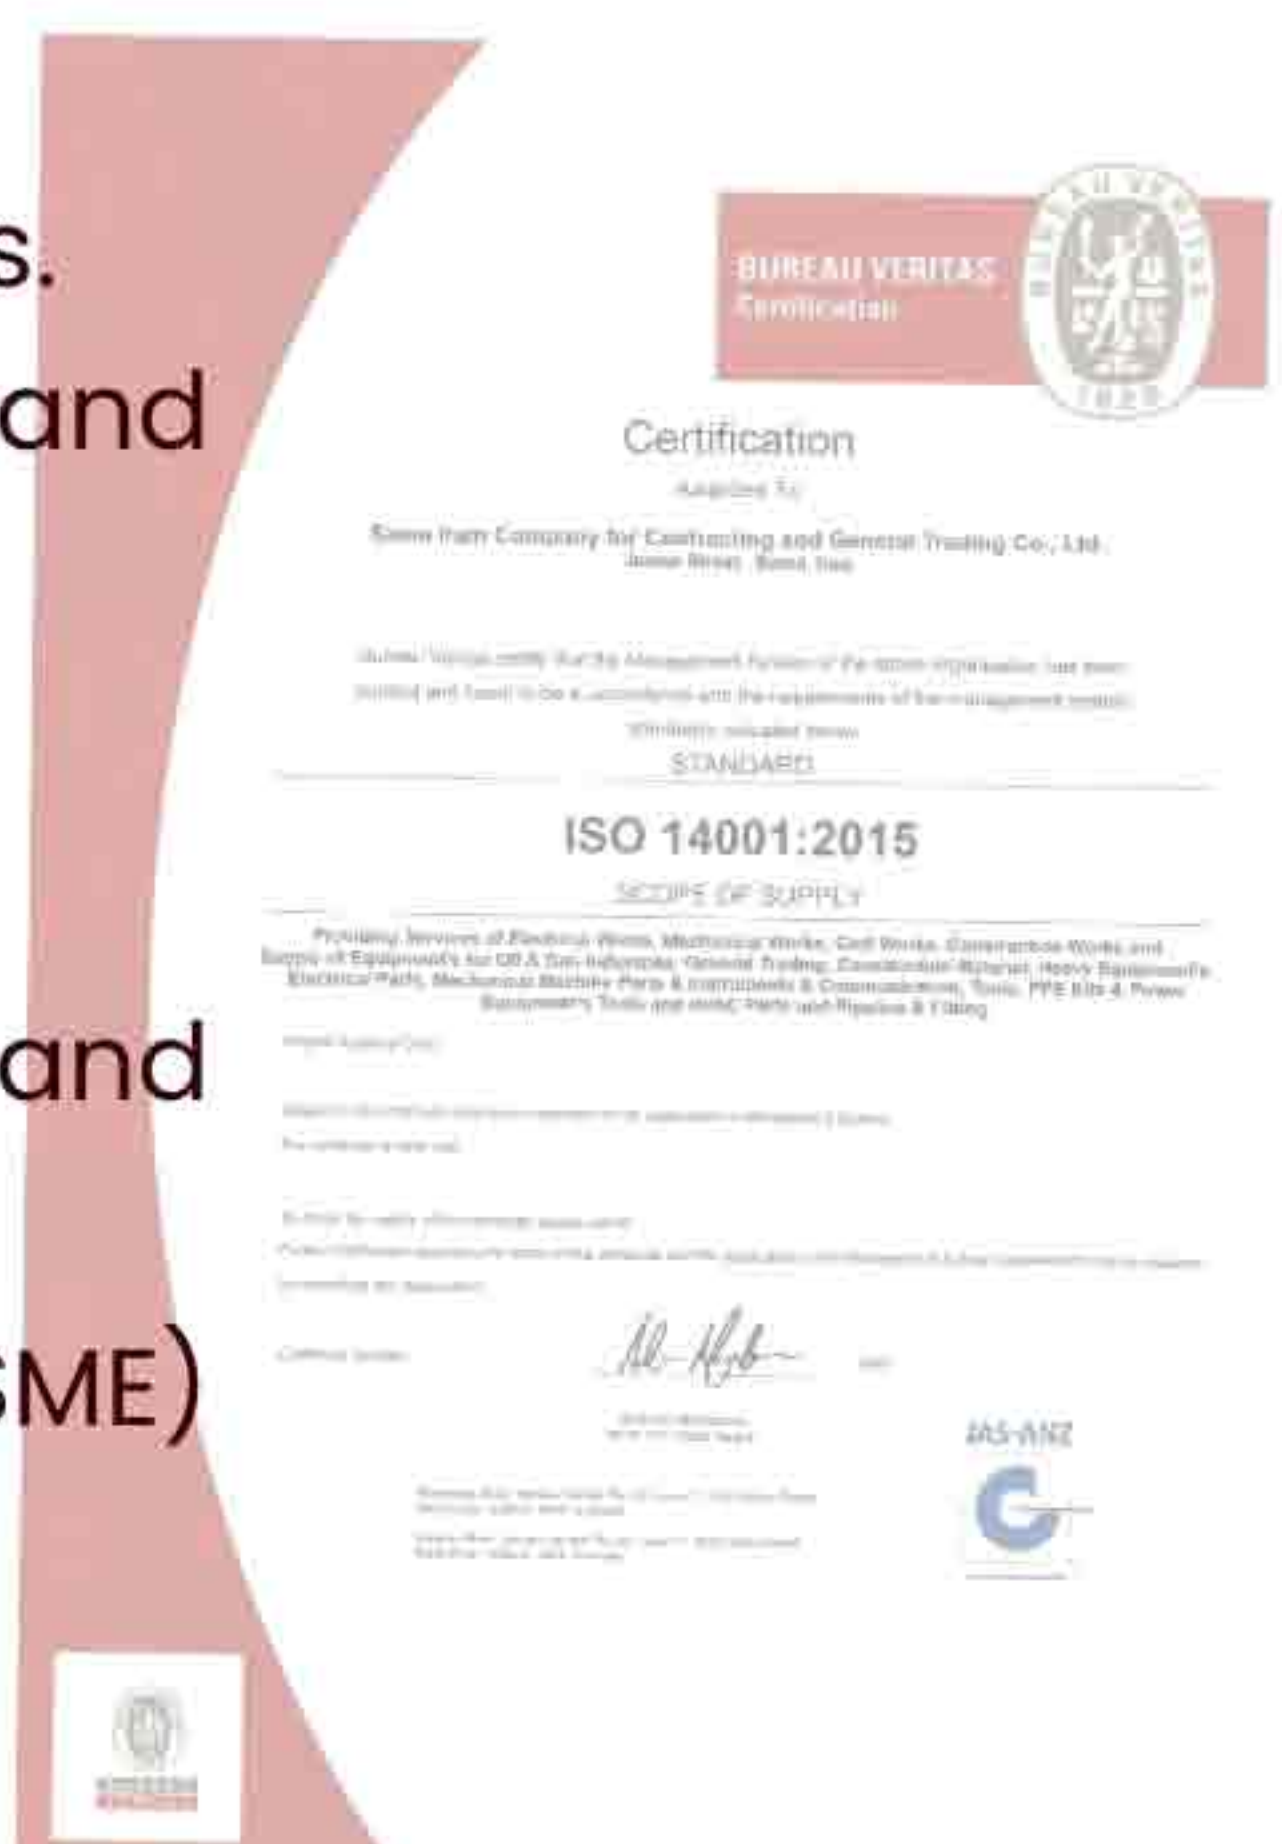

- **ISO 14001: Environmental Management System**

1. Guarantees our adherence to environmental regulations and sustainable practices.
2. Reduces environmental impact through eco-friendly operations and waste management.

- **ISO 45001: Occupational Health & Safety (OHS) Management System**

1. Focuses on creating a safe work environment for employees and contractors.
2. Implements risk mitigation strategies to prevent workplace accidents and hazards.

- **ASME Certifications (U & S Stamps)**

1. Recognizes our ability to design, manufacture, and install pressure vessels and piping systems.
2. Ensures compliance with American Society of Mechanical Engineers (ASME) standards.

- **OHSAS 18001: Occupational Health & Safety Standard**

1. Establishes strong health and safety protocols for workplace risk reduction.
2. Enhances worker protection in hazardous oil and gas environments.

- **BV (Bureau Veritas) Certification**

1. Validates our adherence to global quality, safety, and environmental standards.
2. Recognizes our commitment to reliable project execution and compliance.

- **Government & Industry Approvals**

1. Pre-approved vendor status with leading oil and gas companies in Iraq.
2. Certified to execute projects under Iraqi regulatory and energy sector standards.

OUR CLIENTS

Sama Al Faw Company – Clients

At Sama Al Faw Company, we take pride in serving some of the most prominent companies in the oil and gas sector. Our commitment to quality, safety, and efficiency has earned us the trust of leading industry players, enabling us to contribute to key energy projects in Iraq.

Our Valued Clients:

1. **Basra Oil Company** – A major state-owned enterprise overseeing Iraq's oil production and infrastructure.
2. **Kuwait Energy** – A leading independent oil and gas company operating in the Middle East.
3. **TotalEnergies** – A global energy leader involved in oil, gas, and renewable energy projects.
4. **Basra Gas Company** – A joint venture dedicated to harnessing Iraq's natural gas resources.
5. **ExxonMobil** – One of the world's largest publicly traded oil and gas companies, managing large-scale projects in Iraq.
6. **PetroChina** – A key player in Iraq's oil development, operating major upstream projects.
7. **Eni** – A global energy company contributing to the advancement of Iraq's hydrocarbon sector.
8. **Iraqi Drilling Company** – A state-owned enterprise specializing in oil and gas drilling operations.
9. **Majnoon Oil Field** – One of Iraq's largest oil fields, where we provide engineering and technical support.

Our strong partnerships

At Sama Al Faw, we are honored to collaborate with the subindustry leaders, delivering engineering, procurement, and construction (EPC) services that support the growth and sustainability of Iraq's energy sector. Our strong partnerships reflect our dedication to excellence and reliability in every project.

MEMBERSHIP

Sama Al Faw – Memberships & Affiliations

At Sama Al Faw Company, we are proud to be a recognized and trusted member of various global and regional supplier networks, industry organizations, and compliance platforms. These affiliations reinforce our commitment to quality, transparency, and reliability in Iraq's oil and gas sector.

Our Memberships & Affiliations:

1. **Ariba Network** – A leading global procurement and supply chain platform connecting us with international clients and partners.
2. **WQ1 Project Supplier Portal** – Approved supplier for West Qurna-1, ensuring seamless procurement and service delivery.
3. **Avetta System** – A compliance and risk management platform verifying our safety, sustainability, and operational standards.
4. **ISNetworld** – A global supplier management system ensuring our adherence to the highest health, safety, and quality standards.
5. **Halfaya PetroChina Supplier Portal** – Recognized vendor for PetroChina's Halfaya Oil Field, meeting strict procurement and technical requirements.
6. **WQ2 Lukoil Supplier Relationship Management** – Approved supplier for West Qurna-2, supporting Lukoil's operational needs in Iraq.
7. **Basra Chamber of Commerce** – Official member, strengthening our business presence and trade relations within Iraq.
8. **Iraqi Contractors Union** – Registered contractor, ensuring compliance with national construction and engineering regulations.

Our strong partnerships

Our memberships reflect our dedication to industry excellence, regulatory compliance, and seamless project execution. These affiliations enable us to expand our capabilities, strengthen partnerships, and enhance service quality across Iraq's energy sector.

PRODUCTS

Gas and Flame Detectors

At Sama Al Faw, we provide advanced gas and flame detection solutions to ensure safety in oil and gas, power, and industrial facilities to detect flammable gases, toxic gases, and fire hazards in high-risk environments, ensuring early warning and rapid response to protect personnel and assets.

Our Gas and Flame Detection Solutions:

- Fixed Gas Detectors
- Portable Gas Detectors
- Flame Detectors
- Gas Detection
- Systems & Control Panels
- Calibration & Maintenance Services

We are committed to delivering high-performance safety solutions tailored to the needs of Iraq's oil and gas industry, ensuring a secure and compliant work environment.

Our Technology Partners:

We source gas and flame detection equipment from leading global manufacturers, including:

- MSA Safety
- Honeywell
- Dräger
- Emerson
- Siemens

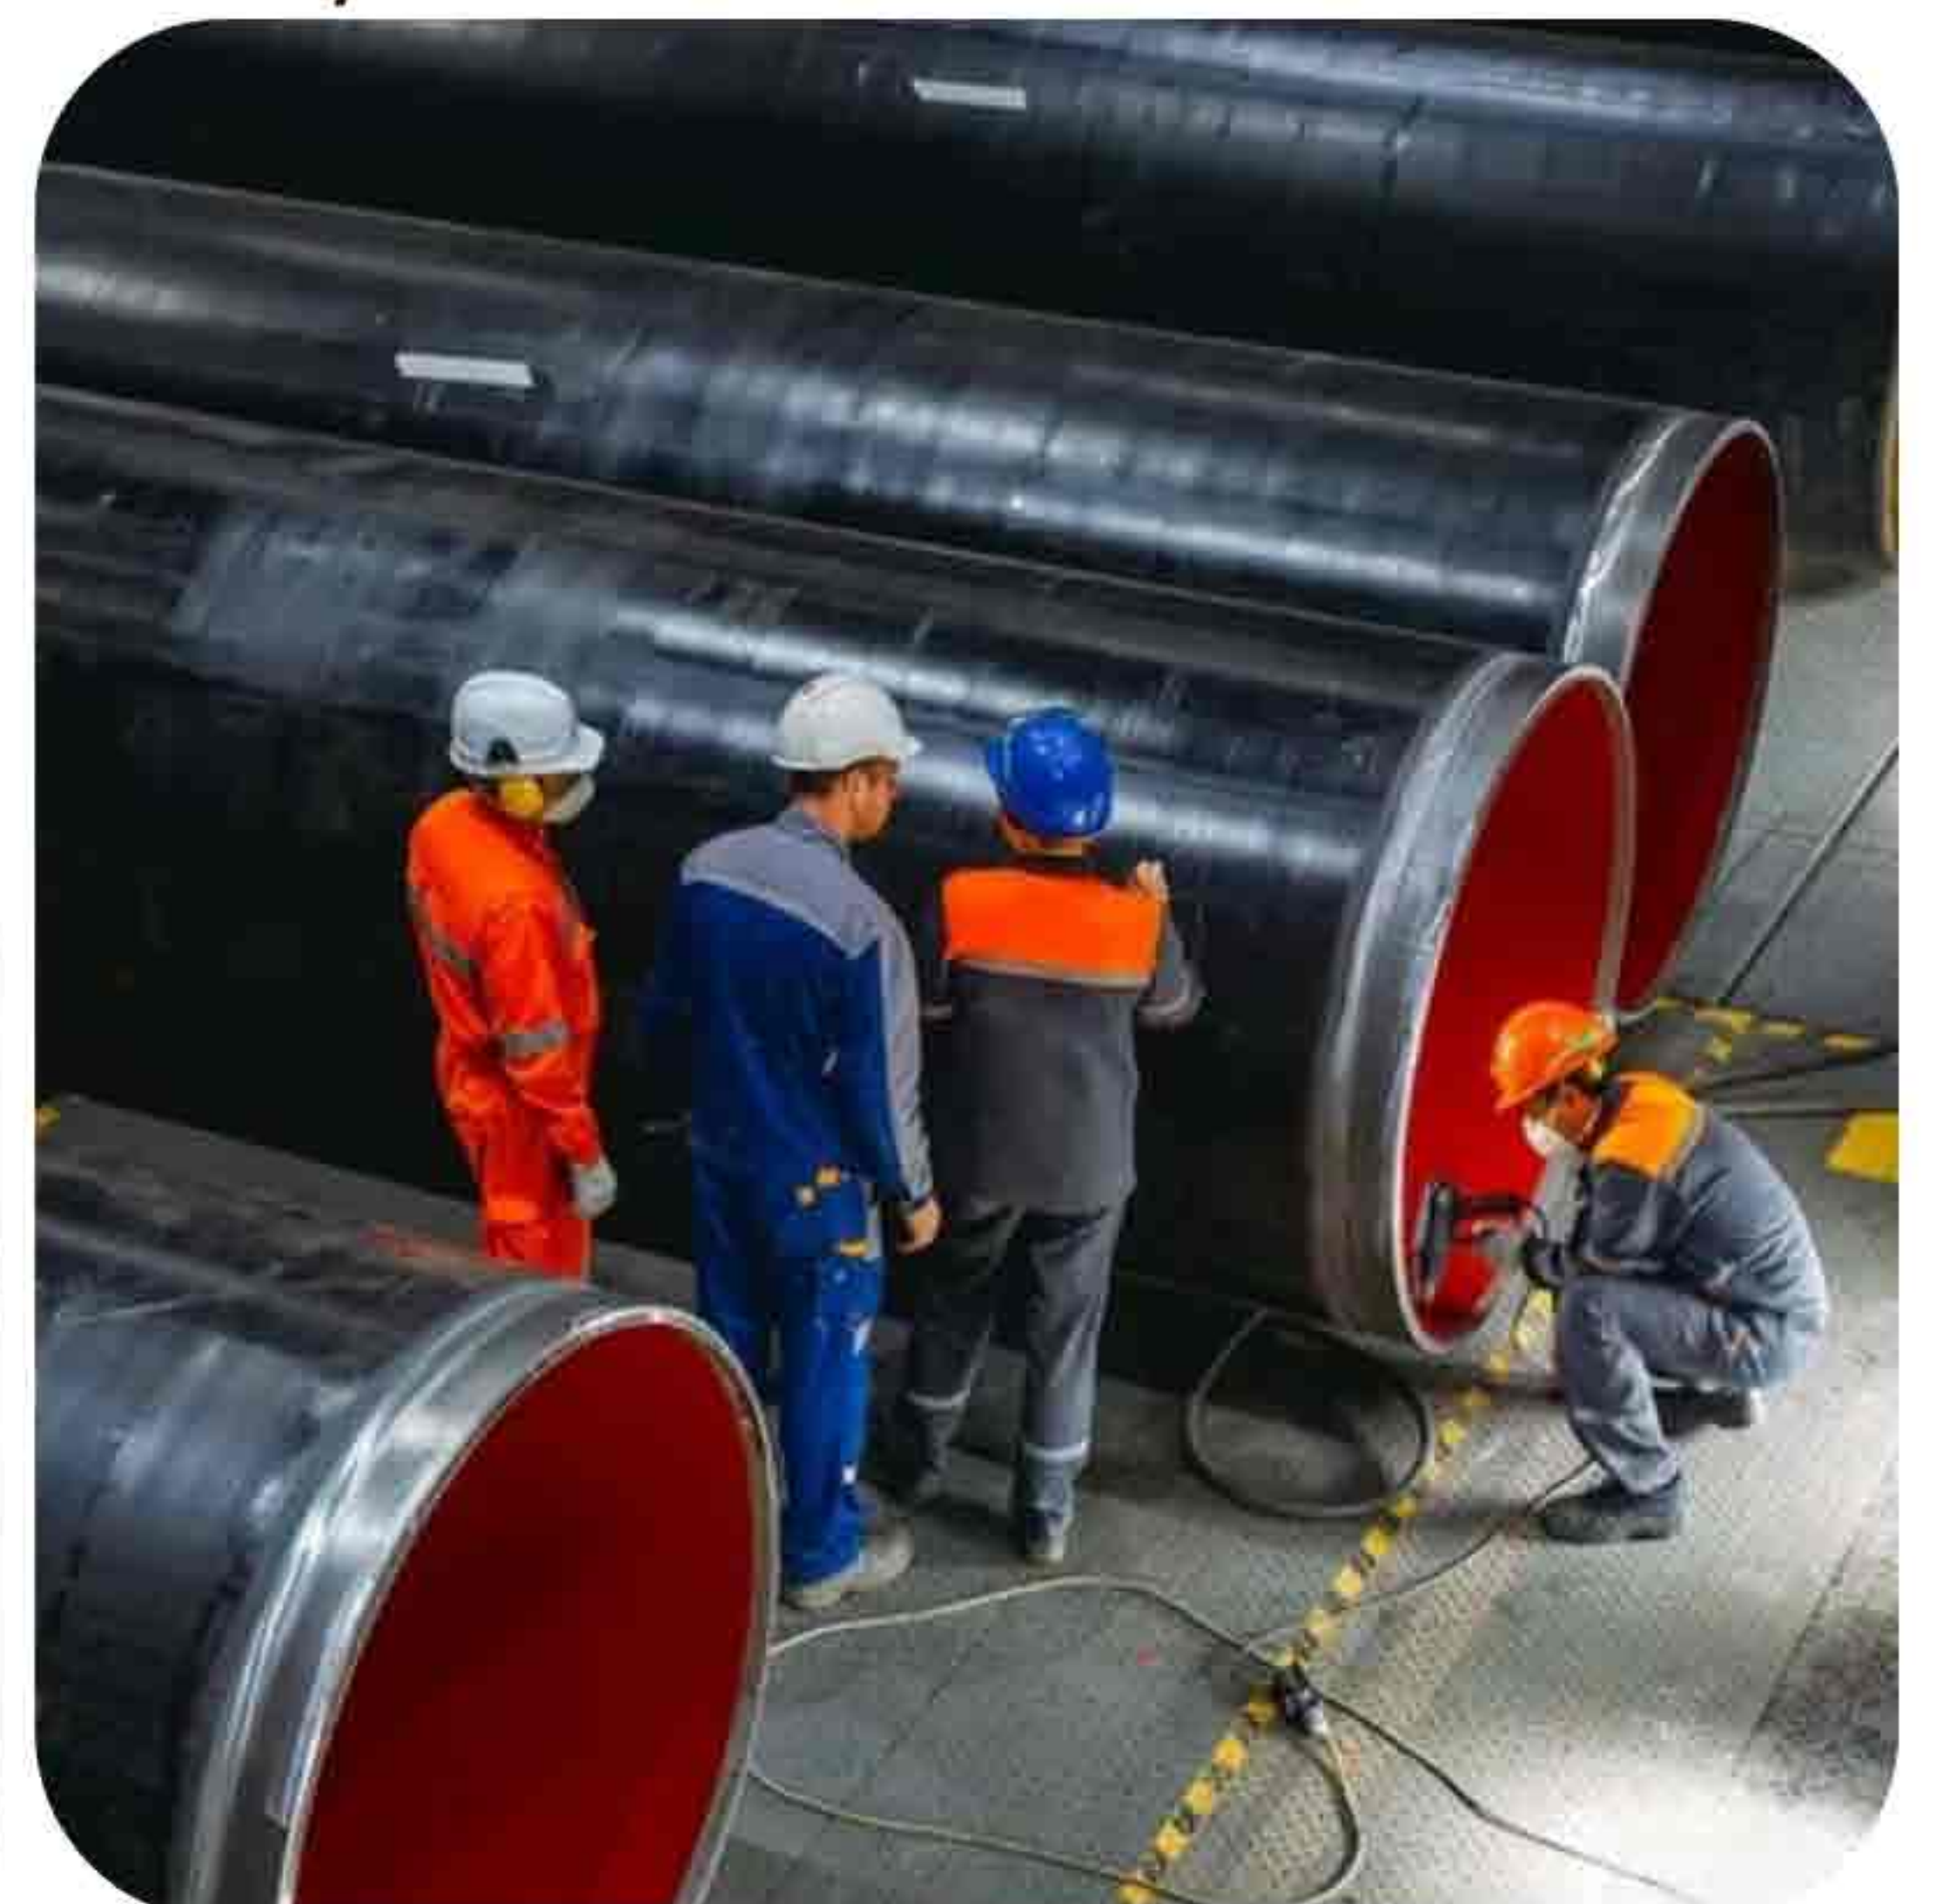

PRODUCTS

Fittings, Valves, and Pipeline

We provide a comprehensive range of fittings, valves, and pipeline solutions for oil and gas, petrochemical, power, and industrial applications. Our products are sourced from leading global manufacturers and meet international quality and safety standards, ensuring reliability, durability, and efficiency in critical infrastructure.

Fittings, Valves, and Pipeline Solutions:

- Pipes & Pipeline Solutions
- Valves
- Pipe Fittings & Flanges
- Pipeline Accessories & Components
- Pipeline Installation & Maintenance Services

We provide high-quality, durable, and cost-effective pipeline solutions to ensure the safe and efficient transport of oil, gas, and industrial fluids. Our expertise in procurement, installation, and maintenance makes us a trusted partner in Iraq's energy sector.

Our Technology Partners:

We source our fittings, valves, and pipeline solutions from globally recognized manufacturers, including:

- Swagelok
- Flowserve
- KSB
- Parker Hannifin

PRODUCTS

Tools & Equipment

We provide a comprehensive range of tools and equipment essential for oil and gas, power and civil projects. Our selection includes high-performance, durable, and industry-approved tools that enhance efficiency, precision and safety

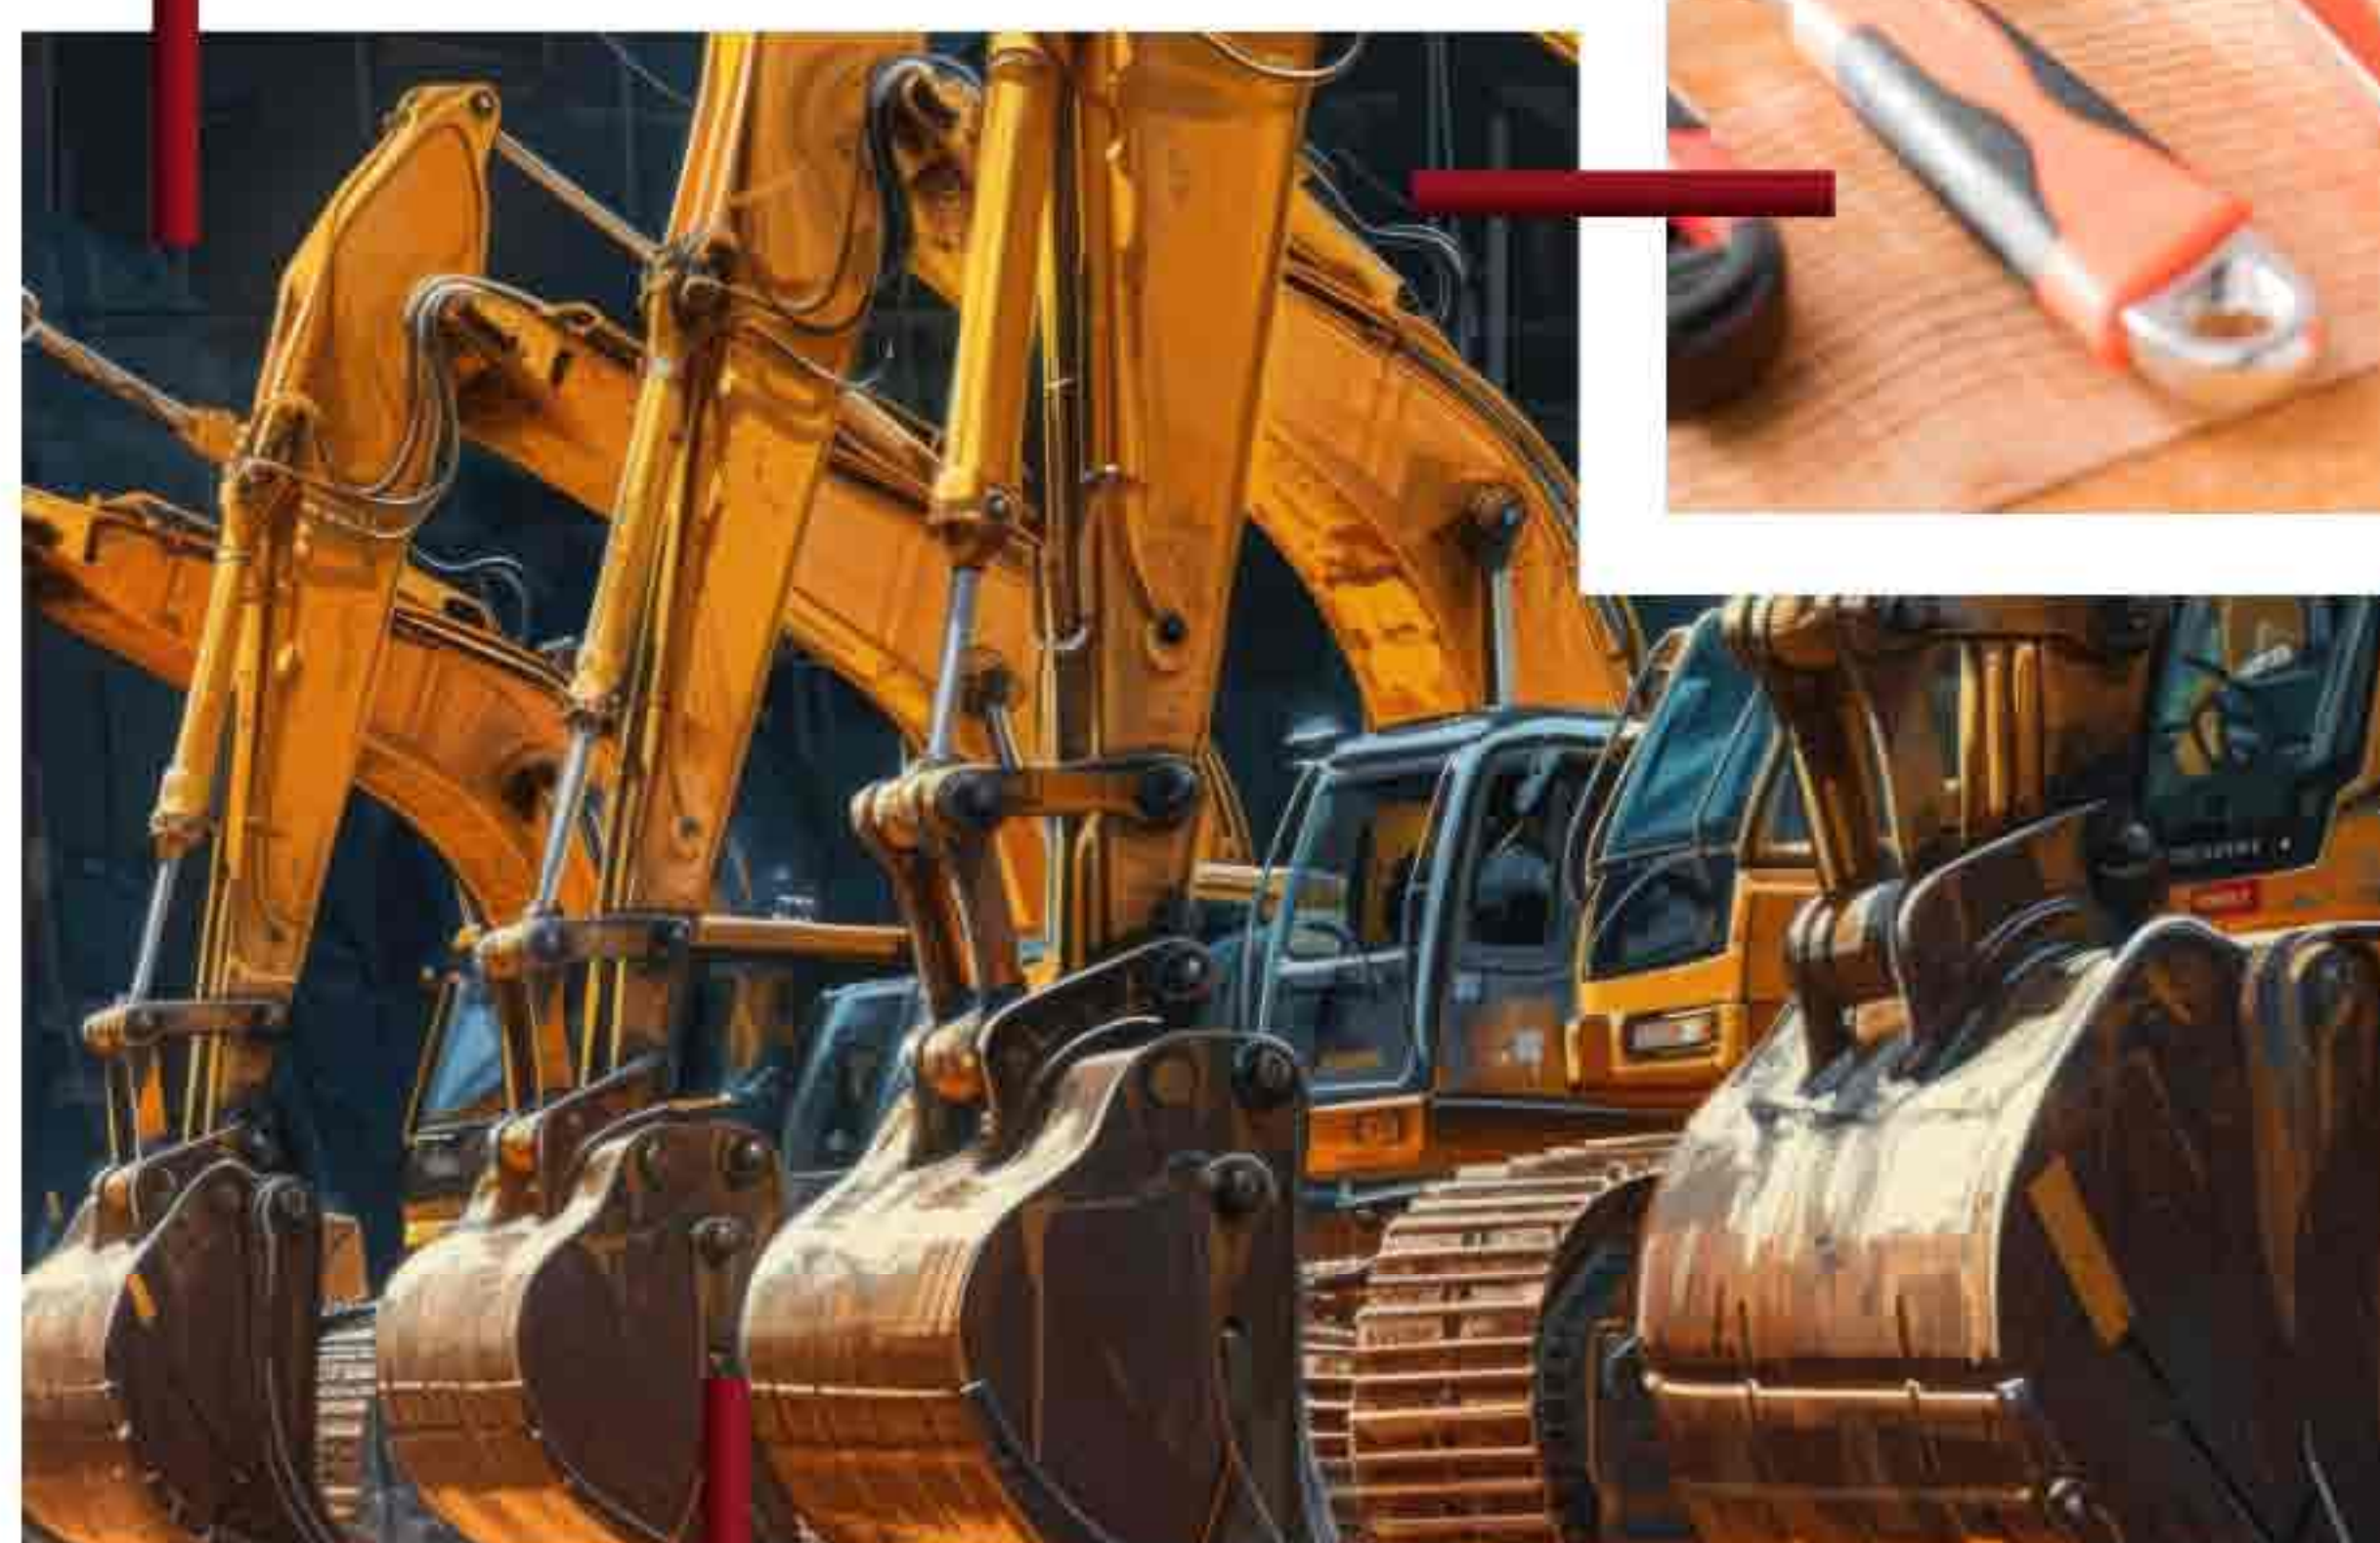

Electrical Tools

PPE tools

Heavy Equipment

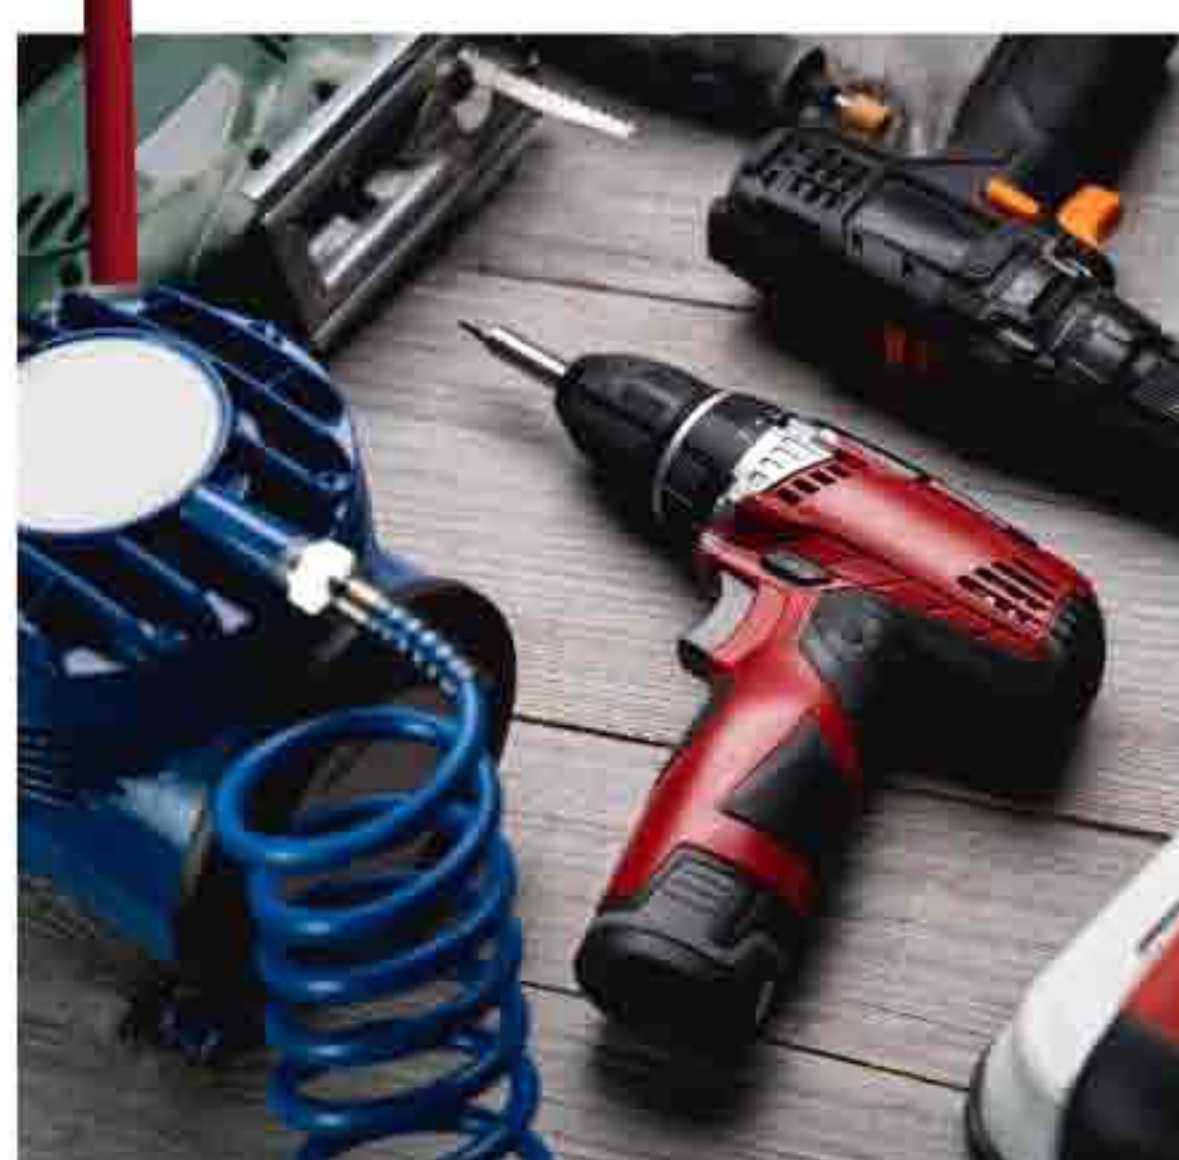

PLC & Automation

HVAC Equipment

Pneumatic tools

Lifting tools

Our Technology Partners

We source our tools and equipment from leading global manufacturers, including:

- Bosch
- Lincoln Electric
- Stanley
- Rockwell Automation
- Dewalt
- Hitachi
- Panasonic
- Black + Decker
- Ingersoll Rand
- Atlas Copco

PRODUCTS

Office Furniture

We offer high-quality office furniture solutions designed to enhance comfort, functionality, and productivity. Our furniture is sourced from global manufacturers for offices, control rooms, and administrative facilities in the oil & gas.

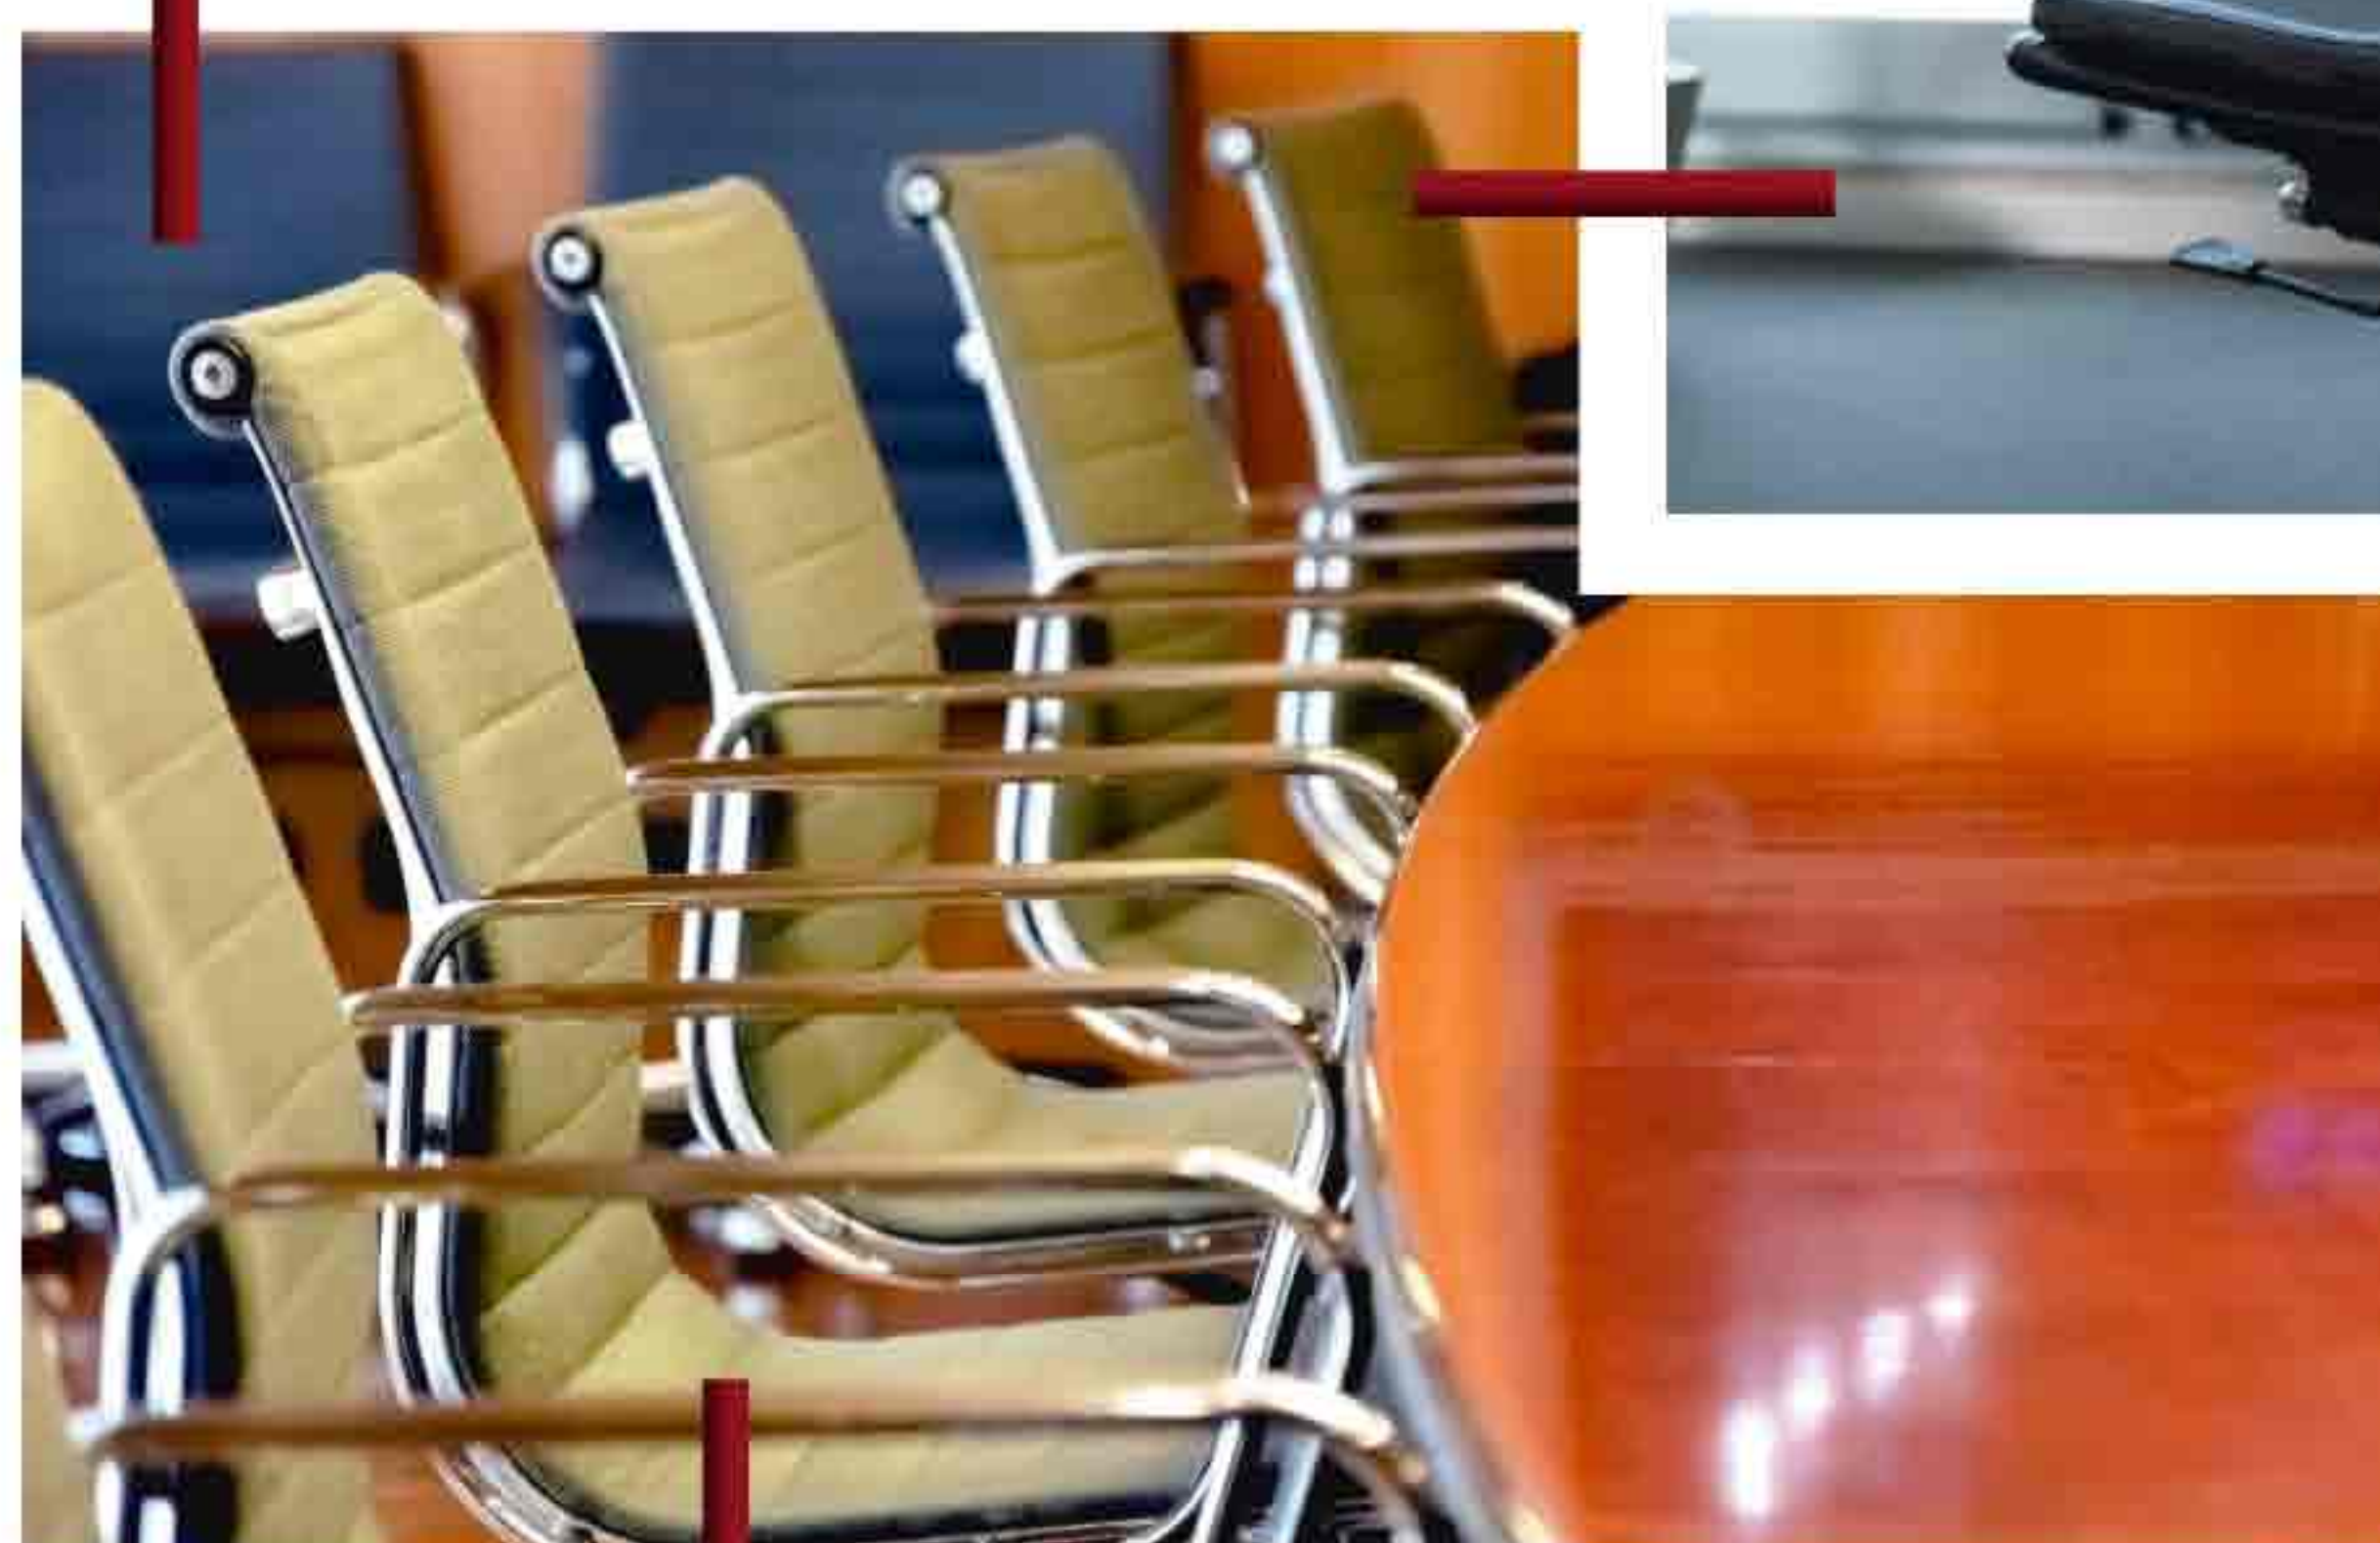

Executive Desks

Seating Solutions

Conference Furniture

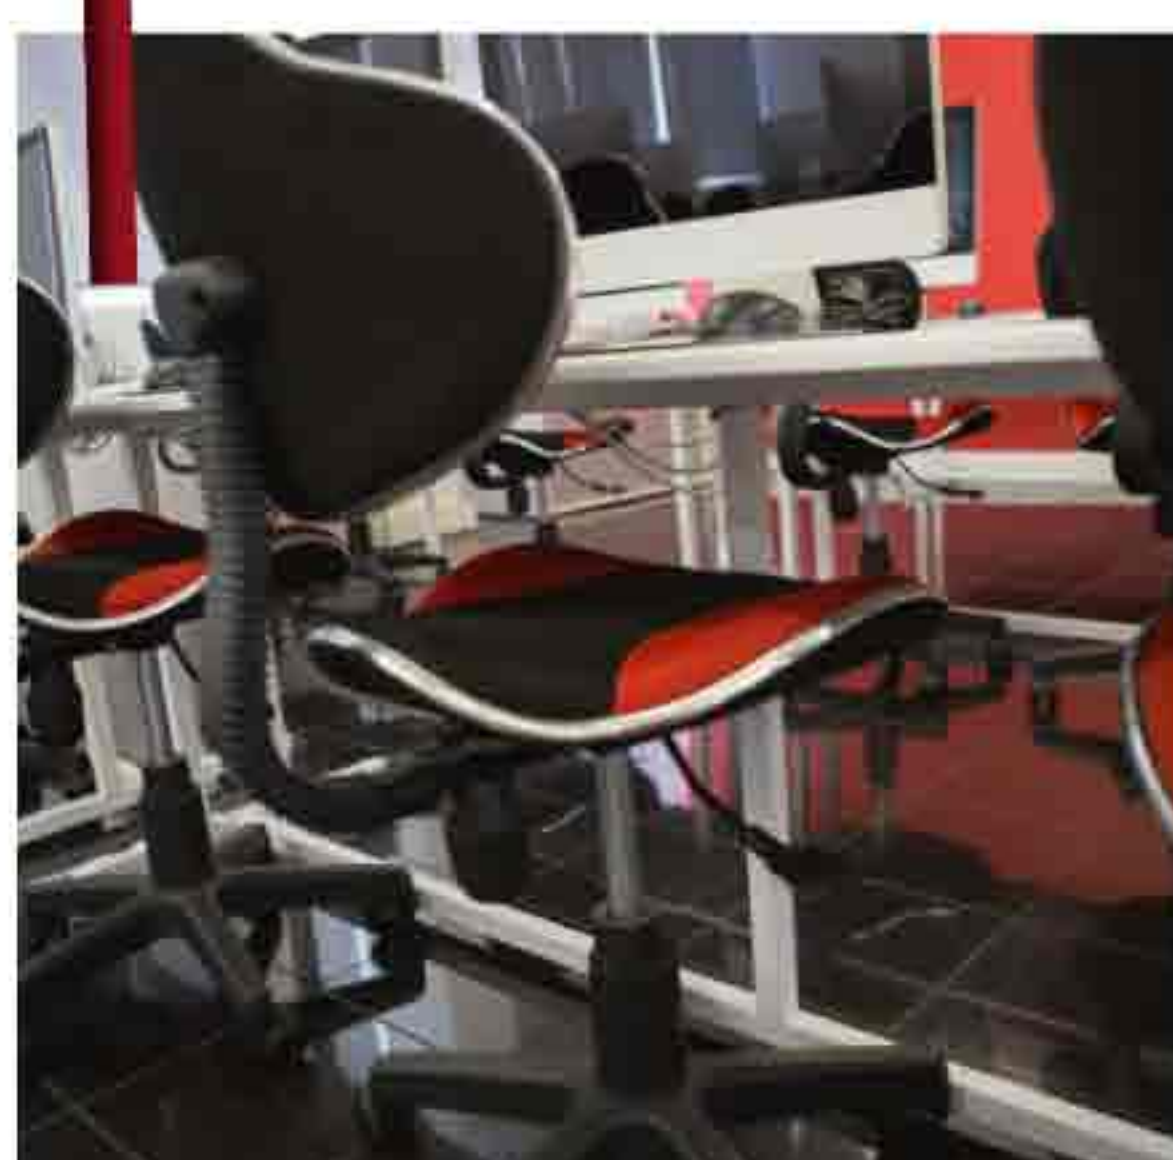

Storage Solutions

Reception Furniture

Control Room Furniture

Document Storage

Our Commitment to Quality & Comfort

- **Ergonomic & Durable Designs:** Ensuring long-lasting comfort and support.
- **Customizable Solutions:** Tailored to fit corporate identity and workspace needs.
- **Compliance with International Standards:** Ensuring quality, safety, and sustainability.

Civil & Construction Services

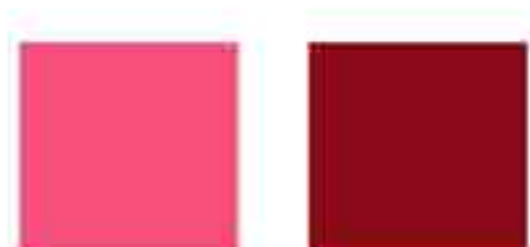

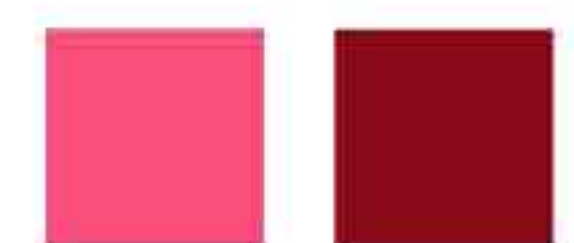

Our Civil Works Services:

We specialize in delivering high-quality civil construction services for oil & gas, power, infrastructure, and industrial projects across Iraq. Our expertise covers the entire project lifecycle, from design and planning to execution and maintenance, ensuring safe, and cost-effective solutions that meet international quality.

Site Preparation & Earthworks

Concrete & Structural Works

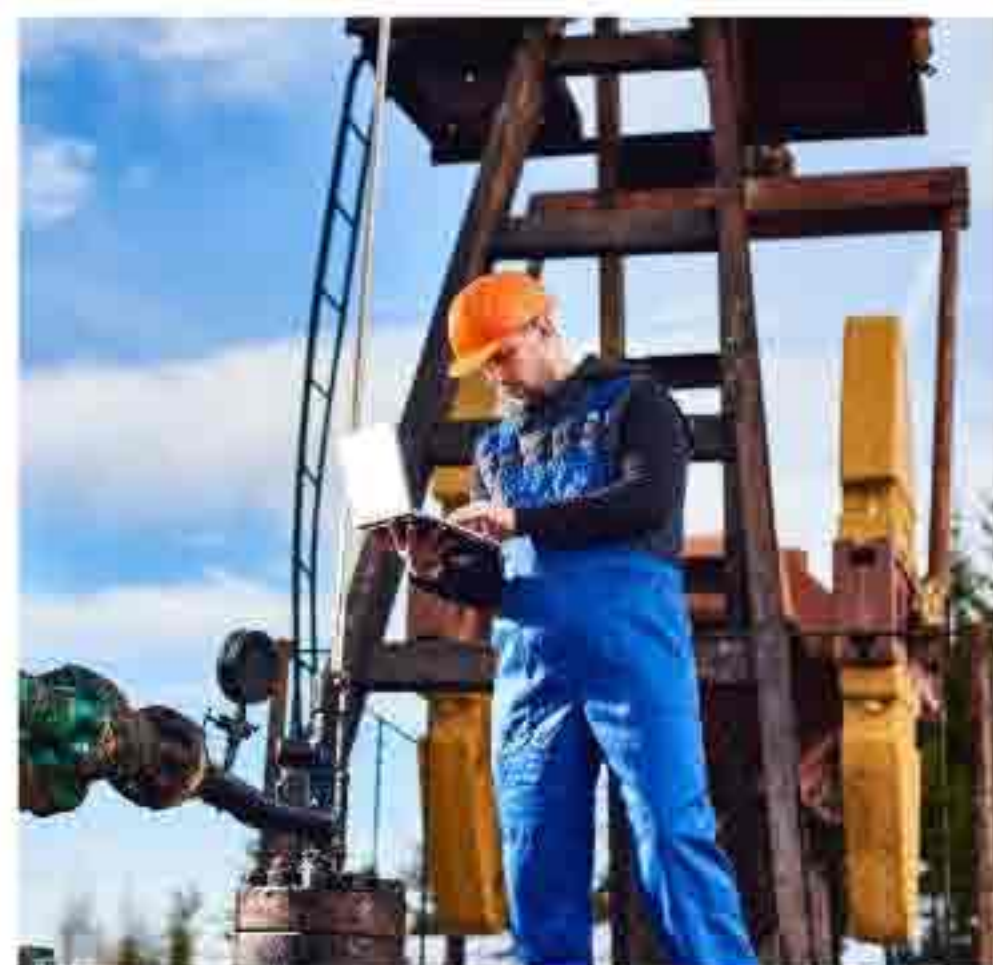

Commitment to Quality & Safety:

- Compliance with international standards (ISO, ASTM, API, ASME).
- Use of high-quality materials and advanced construction techniques.
- Adherence to strict HSE (Health, Safety, and Environment) policies.

SAMA AL FAW

Why Choose Us?

Sama Al Faw Company is a leading engineering, procurement, and construction (EPC) company specializing in oil and gas, power, and civil infrastructure projects across Iraq. With a strong commitment to quality, safety, and sustainability, we provide innovative and reliable solutions that meet international and local industry standards.
